

PUT PEOPLE'S NEEDS OVER WALL STREET GREED

Say NO to the to the bailout

EMERGENCY DEMONSTRATION

Thursday, October 2

10:00 am

South Side of Capitol

**Independence & New Jersey SE
Blue/Orange to South Capitol metro**

On Monday, we won. Every news report describes Congressional offices flooded with emails and phone calls opposing the bailout. But Bush has made it clear that he wants to ram legislation through Congress when it reconvenes Thursday at 12 noon.

There should be a moratorium on all foreclosures and evictions. That's the way to solve the housing crisis. Already, two million families have either been driven from their homes or are on the verge of foreclosure. Politicians didn't hold emergency sessions to solve their crisis. Half a million workers filed first-time unemployment last week. Congress didn't hold an emergency session for them. 47 million people can't go to the doctor when they're sick. The President and Congress have taken no special action for them.

Take action to prevent a repeat of the rip-off legislation. If passed, the bailout would have constituted one of the biggest transfers of wealth in U.S. history from working families to the richest bankers. Join the demonstration!
